TEACHING METHODOLOGY

- Expository method / master class: Oral presentation by the teaching staff of the contents of the subject.
- Participatory expository class, with spaces for student participation and intervention through brief activities in the classroom.
- Resolution of exercises and problems: The student finds adequate solutions through the application of procedures of transformation of the available information and the interpretation of results.
- Case study: Intensive and complete analysis of a case.

LEARNING OBJECTIVES OF THE SUBJECT

Provide students with the basic training necessary to understand the legal issues of the business world - not dealt with in other Subjects - and so that they can make decisions with trained criteria; For this, an understanding of the operation and application of Law, of basic figures and concepts, and at the same time of specific issues of the business field related to technical architecture and building, is required, placing the emphasis more on practical application than on theory.

STUDY LOAD

Type	Hours	Percentage
Hours large group	30,0	40.00
Self study	45,0	60.00

Total learning time: 75 h

CONTENTS

C1. INTRODUCTION: LEGAL RULE AND COMPANY

Description:

We work on this content:

- 1.-Function of Law.
- 2.-Spanish Constitution and company: Forecast of and references to the company and related elements, in the EC.
- 3.-Civil law: Tort liability. Classification; Presuppositions: behavior, damage, causality. Responsibility for acts of others. Assumptions of exclusion of illegality. Impact. Prescription.

Specific objectives:

Students learn the concept of a company within the legal framework (in the marc of Constitution and civil law) (FB-06). Students learn to communicate clearly (04 COE N3). And they do so through activities, practices and/or works.

Related activities:

Students will carry out short-term activities in the classroom. Students will do work and solve problems (on the one hand, as a directed activity and, on the other hand, as autonomous learning).

Full-or-part-time: 10h

Theory classes: 4h

Self study : 6h

C2. COMMERCIAL LAW

Description:

We work on this content:

- 4.-Commercial companies: steps for the constitution of a company; modalities, statutes, capital, corporate bodies, administrators, partners and non-criminal responsibilities. Companies in liquidation. The contest.

Related activities:

Students will carry out short-term activities in the classroom. Students will do work and solve problems (on the one hand, as a directed activity and, on the other hand, as autonomous learning).

Full-or-part-time: 10h

Theory classes: 4h

Self study : 6h

GRADING SYSTEM

The final grade is the sum of the following partial qualifications:

-continuous evaluation (AC): 9%;

-works and practices (TP): 66% (with three divisions corresponding to bloks C1 and C4, C2 and C3, C5 and C6);

-final test (PF): 25%.

Final note: $(AC * 0,09) + (TP.C1.C4 * 0,22) + (TP.C2.C3 * 0,22) + (TP.C5.C6 * 0,22) + (PF * 0,25)$.

EXAMINATION RULES.

The completion and presentation of the compulsory practical exercises that represent at least 80% of the maximum weighting (maximum possible grade) corresponding to the practical exercises is a necessary condition to pass the course.

The final test will be taken individually, in writing - except in cases where the oral exam is the best method -, with the possibility of consulting the teaching material on paper for part or all of the test.
